# YOU'RE STUCK IN AN ENERGY CRISIS!

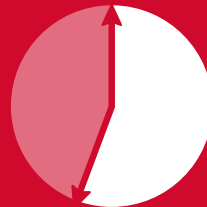

Your morning cup of coffee wore off before lunch and it was all downhill from there. By the end of the day you are crashing - moody, jittery, distracted, exhausted - with no energy left for the things that matter most.

Nearly **1/3** of adults say they don't have enough energy to perform daily tasks.<sup>1</sup>

**85%** of Americans wake up feeling tired.<sup>2</sup>

**53%** of adults report feeling sluggish during the day.<sup>3</sup>

*Think this is life?  
Think again.*
